The Future of Cooking

## **BUILT-IN APPLIANCES**

For some people 'second best' has no place, neither in their thinking, nor in their scheme of things. For them, there are no compromises in quality, comfort, aesthetics or safety. Their homes reflect their personality and their kitchens should be no different..

A Capella Chimney gives a luxurious ambience to the kitchen and is the answer to one's dream of a perfect designer kitchen! Designed in Italy, Capella Chimneys share certain characteristics: Super-efficient at their core purpose of eliminating smell, fumes and grime, equipped with high safety features, work at low sound levels and give the kitchen a smart, plush look.
